Hamlin High School Library

Superintendent Green reports that, so far this session, \$331.37 have been used to enlarge the usefulness of the Hamlin High School Library. Under the management of our very efficient librarian, Miss Bernice Whiteley, a library is being established that will soon equal the best in West Texas.

The books have been carefully classified according to the Dewey Decimal System of Classification. Any book in the library can be found in the card catalog either by title or by author. Subject headings are being made for all books containing information that the students need in the various courses pursued. The shelf list file shows the arrangement of the books as they appear on the shelves. This file contains a record of the number of copies to be found in the library.

The new 1937 edition of Encyclopaedia Britannica has been purchased this year at a cost of \$171.40. This price not only includes the twenty-four volume set, but also provides for an additional year book each year for the next ten years.

During the past six weeks one hundred and fifteen new books of fiction have been added. About sixty-five books beyond local repair have been rebound by the Allen Binding Co., in Dallas. These books look like new ones and they are actually stronger than when they were new.

Reference books have been purchased for the departments of history, public school music and Spanish.

Other books that are popular with the students are: Emily Post's, "Etiquette," Allen and Briggs' "Behave Yourself," Filene's "Careers for Women," Kitson's "How to Choose the Right Vocation," and Carnegie's "How to Win Friends and Influence People."

The students have access to three daily newspapers—The Abilene Reporter, The Fort Worth Star-Telegram and The Dallas News. These

WHAT IS DIFFERENCE IN PWA AND WPA

Somebody has ask what is the difference between the PWA and the WPA. All one can see is that in one, A is in the middle and, in the other a "P" is in the middle. But as a matter of fact the PWA stands for Public Works Administration, while in WPA, it means Works Progress Administration.

But it seems to make a lot of difference.

In Hamlin here is what they seem to stand for. The W stands for Water and the P stands for play. This idea is borne out because this week information has reached Hamlin people that Hamlin's request for help to improve our water supply has been chilled by the fact that Administration says somebody else has beat Hamlin to the public grants chest. Yes, they have told Hamlin that her water plans will have to wait, maybe for more appropriations. And maybe more appropriations will not be made, hence communities like Hamlin will not get their 'hand-out' like thousands of others have received all over the nation.

That WPA idea is more successful in Hamlin. Information is out that the government has assigned more than \$16,000.00 to Hamlin for the purpose of building a recreation center—meaning a swimming pool, a football stadium, and a lot of things like that. . . . all very good. Water is a secondary item in the economy of things, and lets have a dandy most modern Diamond and Gridiron and a swimming pool, —and if we later get the water, we can have turf and some water in the pool. A good example of "better get while getting is good."

Possibly there may yet be some hope for more water in Hamlin. However, every once and awhile a pessimistic remark is sounded about water. Some still think a great canyon should be found to be dammed up to hold water. They seem to forget that 'canyons' are a "fur pace" from Hamlin, and that if we did have one near Hamlin, its sides would be lined with gyp rock. So why not make the best of what is possible—dam Dry Callie somewhere and stop the get-away of all that good soft water. It has all the canyon to hold enough water for five or six Hamlins. So what did you say was the difference between PWA and WPA. Maybe Water and Play.

Farrow Burns who has been in the Navy for nearly two years is enjoying a furlough here with his parents, Mr. and Mrs. Arthur Burns and other relatives and friends. Farrow is stationed at Long Beach, California and is assigned to the V. S. S. Maryland.

BULLDOGS BIT THE PIED PIPERS 34-0

Another great football game between two of Jones County High Schools for the year 1938 is a thing of history. It happened last Friday night in the Bulldog Field at Stamford when the Pied Pipers went over and punched at the ferocious fellows on their home lot. The Hamlin Pipers held them to 34.

Somebody will ask if that is not a pretty bad defeat. . . . not when you compare 34 with 84 to 0 in a game that two more neighboring towns had in Haskell County. Hamlin Pipers went in fighting and remained in the slaughter to the very end, bucking that line as hard as if they were gaining downs and goal after goal in rapid succession.

Here is what a professional football reporter gave the Herald and it is clear the Hamlin Pipers were out classed.

A large number of second string men went in for Stamford after a three-touchdown lead was established in the first half.

The first touchdown was made early in the first quarter when Massey recovered a fumble on the 29-yard line, passed to the three-yard line and Joe Jones took the ball over. Gainer converted. The second touchdown came seven plays later when Ashmore carried the ball 39 yards, passed to Gainer and back to Ashmore, who went around left end for touchdown. Gainer converted.

After the third touchdown, four second-string men were sent in.

Starting lineups:
Hamlin—Kelly and Howell, ends; Redus and Morrison, tackles; Jones and Dean, guards; Elkins, center; Dean, quarterback; Ivy and Russell, halves; Carlton, fullback.

Stamford—Gainer and Andrews, ends; Massey and Kelly, tackles; Haynes and Toney, guards; Williams,

center; Harrison, quarterback; Ashmore and Jones, halves; Bryant, fullback.

Score by periods:
Hamlin ----- 0 0 0 0—0
Stamford -----14 6 0 14—34

First downs, Hamlin 3, Stamford 14; yards gained, Hamlin 55, Stamford 306; yards gained by passes, Hamlin 43, Stamford 105; passes completed, Hamlin 5 out of 20, Stamford 5 out of 14; penalties, Hamlin 45 yards, Stamford 50. Officials—Calloway, Hardin-Simmons, referee; Smith, McMurry, umpire; Cook, Howard Payne, head man.

The Stamford game last Friday night was one of the best attended out-of-town football games Hamlin people ever backed up.

The Rotary and Lions Clubs sponsored a men's pep squad and boosted the Hamlin attendance in a great way. Everyone in the crowd from Hamlin were sports enough to admire the opposing team and to compliment every Hamlin boy who played. That every Piper did his best and played a good clean game was without question. They took the longer trained team on the chin and many were the blows that sent the Pipers off the field.

Considering their short training the Pipers are a dandy good High School team.

The next conference game for the Pipers will be in Hamlin against Haskell, Friday, November 4.

ALL YOUR CURIOSITY satisfied by Your
Mileage Merchant...Ask him exactly how you're
sure of fast winter starting and extreme oil economy
by changing now to WINTER OIL-PLATING

IS OIL-PLATING just a different name? ...No. OIL-PLATING is what Conoco Germ Processed oil does! The out-and-out difference is this: OIL-PLATING will stay firmly attached—plated—clear to the topmost point in your engine, while any plain mineral oil drains clear down the crankcase at every stop.

Exactly where is your gain? Well, in starting up again—next day or next month—the coldest OIL-PLATED engine is always oiled in advance... pre-lubricated before any oil down in the crankcase could ever stir. OIL-PLATING

thus keeps every engine part constantly slippery. The starter speeds... the battery lives and so does the engine, free of fierce starting friction.

But is there any oil saving? Why?... Because less engine wear puts more miles between quarts. And OIL-PLATING itself never passes out during the use of Germ Processed oil. Only the Germ Process, patented, creates OIL-PLATING, the sensible reason for you to switch to Your Mileage Merchant today.

LUNCHEON HONORS

DISTRICT PRESIDENT

The annual luncheon for the Woman's Literary Club was held Friday in the home of Mrs. Bowen Pope on Jackson Avenue with Mrs. Grover C. Johnson, of Wichita Falls, president of First district of Texas Federation of Women's Clubs, and Mrs. T. R. Odell of Haskell, Junior Club Chairman of First District, as honor guests.

Autumn flowers in rich varied hues formed the decorations throughout the reception rooms. A Harvest theme was featured in the dining room where the table was laid in white linen and centered with a large chop plate heaped with colorful autumn fruits. Poppy Trail ware in pastel shades and other serving appointments completed the table setting. Maderia linens covered the five quartet tables which were set with bright colored Fiesta and Poppy Trail ware. Small pottery vases holding chrysanthemums in shades of dusty pink, bronze and gold were used as centerpieces. Covers were marked by plain white cards touched with gold.

Following the three course luncheon, the club president, Mrs. Sebastian, presented Mrs. Johnson who reviewed some of the work which has been accomplished by Texas Federated club women and stressed a few of the goals which have been set for the coming year. Mrs. Odell gave a short talk on Junior club work, emphasizing the benefit to be derived from this phase of Federation work. A piano solo, Romance in A, was played by Mrs. Earl Smith. The climax of the program was a review of the popular play, "I'd Rather Be Right," given by Mrs. Johnson in a most interesting manner.

Members in charge of the menu for the luncheon were Mmes. T. A. Thigpen, R. E. Johnson, Carl Clifford and Miss Allie Whiteley. Those assisting the hostess in arrangements were Mmes. Heflin Miller, W. J. Poe and O. G. Harvey.

ROTARIANS HONOR WIVES WITH BANQUET

Tuesday evening was Ladies night in the Hamlin Rotary club, a time to which the club wives and a few favored friends always look forward to with great anticipation and pleasure, and this time the Rotarians in charge certainly left nothing delightful untried.

The banquet was served in the spacious dining room of The Morgan Hotel where autumn flowers formed an attractive setting. For the occasion the long tables had been arranged in an open square, and placed at intervals down the

center were vases of pink and white gladiolas.

The president, Mac Brundage, called the meeting to order and presented Arthur Albritton, song leader, who offered his own special arrangement of "Sweet Adeline," sung by Mayor Joe Culbertson, Frank Waggoner and himself, accompanied at the piano by Forrest Greenway. This was followed by "My Wild Irish Rose" and "America" sung by the club and guests. Invocation was offered by Tate May.

Following the banquet, the program chairman, Ivy Witt asked each Rotarian to introduce himself and his dinner partner by their given names. Piano solos were played by Miss Edwina Gilbert and Forrest Greenway.

Games of Chinese checkers were played and a number of prizes for high and low scores were given.

Guests other than the wives of club members were Mayor and Mrs. Joe Culbertson, Mr. and Mrs. Craig Elmore, Dr. and Mrs. Joe McCrary, Mr. and Mrs. J. C. Kinchen, Miss Edwina Gilbert and Miss Elva Greenway.

Miss Annie Laurie Johnson, head of the Spanish department of the Fort Stockton High School, spent the week-end here with her parents, Mr. and Mrs. W. F. Johnson.

To enjoy work, a woman must feel well. Cardui aids in building up the whole system by helping women to get more energy from their food—and so increases resistance to the strain of functional periodic pain. Try it!

CARDUI

Mr. and Mrs. R. N. Fahey and little son, James Richard of Hobbs, New Mexico came down last Friday and remained till Wednesday.

Mr. and Mrs. Turner Beard have moved to Irene, Texas where Turner takes charge of the R. B. Spencer Lumber Yard. He has been assisting Paul Bryan here for a number of years and he has proven a good lumber dealer.

Optimistic reports indicate the entire \$4000.00 needed to lift the mortgage on the Encampment property will be raised and this property will belong to the Baptist of District 17 in fee simple.
